

TRIP DATES: Thursday, February 2
through Sunday, February 5
Pre-Trip Meeting: Thursday, January 19, 7pm

Lapland Lake Cross Country Ski Center lies within the six million acre Adirondack Forest Preserve. The Ski Center is located in the shadow of Cathead Mountain, amidst tall pines and hardwood forests.

As one of the top rated touring centers, it has some of the most reliable snowfall in the East, which means about 120+ skiing days per season. We cannot, of course, guarantee the weather or conditions when we are there!

With over 50km of trails, 38km are groomed while 12km remain ungroomed for snowshoers; there are trails for everyone from the beginner to the expert. Trails are groomed for both the traditionalist as well as the skate skiers. For the more adventurous, there is a 10km ungroomed backcountry trail.

The ski and snowshoe trails wind through picturesque forests filled with towering evergreens and hardwoods. Opportunities to view wildlife abound. Wildlife sightings, including tracks, may include martin, weasel, fox, turkey, woodpeckers, and many other local winter birds.

The accommodations are in comfortable rustic cottages also known as *tupas*. The cottages have both electric heat and wood burning stoves; all tupas have shared bathrooms, living rooms, and fully equipped kitchens. The walls are thin and the atmosphere is group oriented.

Fantastic food - each morning join us for a continental breakfast. Homemade hot soup is available at lunchtime. The three evening meals will be served family buffet style. There will always be plenty of hot beverages, fruit, and tasty goodies available to snack on in Lapin Tupa.

Independent dining options include lunch at the Kumma Tupa Snack Bar or lunch / dinner at the Tuulen Tupa Grill

During the day join the Naturalists on the trails. We often ski in small groups or you can ski on your own. We will bring snowshoes with us to share. While on hikes you will have an opportunity to observe the local wildlife, take photographs, learn about nature in winter or work on identifying birds by their calls.

In the evenings, after a hard day of skiing and snowshoeing, relax in the ski center's Finnish style wood-burning sauna, spend time socializing, participate in lively conversation, watch a movie or simply relax by the fire!

On Saturday night enjoy an optional special after dinner treat: take a walk in the dark to find the Milky Way or night ski out to the lake along a lit trail, where we will stargaze, and toast marshmallows by a warm bonfire!

WONDERFUL

In addition to the fantastic skiing there are many other optional activities to enjoy:

Search for mammal tracks while snowshoeing through the beautiful winter forest.

Try tubing! Take a bouncy ride down a snow-covered path and feel like you are eight years old again. Or lace up the ice skates and take a few spins around the skating pond.

Cozy up to the wood burning stove while enjoying good conversation, a mug of hot chocolate or a good book.

After all of these wonderful, chilling, outdoor activities, unwind and warm up in the traditional Finnish sauna.
